NATIONAL PHILATELIC EXHIBITIONS of WASHINGTON, D. C. Inc.

Dear fellow philatelists:

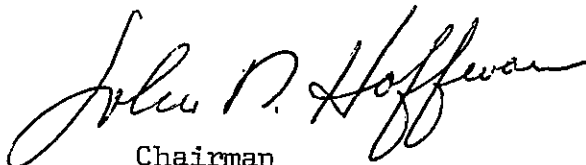

On behalf of the Officer, Trustees and members of NAPEX, I extend a cordial welcome to our friends and visitors and wish you an enjoyable visit with us.

We extend philatelic greetings to the following national Societies who are holding their annual conventions during NAPEX;- The American Air Mail Society is celebrating its Golden Jubilee; The United Postal Stationery Society is joining with us in a First Day Ceremony celebrating the centennial of the first U. S. Postal Card; and the Postal History Society and the Society for Czechoslovak Philately.

Thanks are also extended to the China Stamp Society, the Korean Stamp Society, the International Society for Japanese Philately, and the George Washington Masonic Stamp Club who have also scheduled meetings during the show.

NAPEX-73 is celebrating its Silver Anniversary and we wish to extend our sincere thanks to our past and present members and stamp clubs who have supported us. We look forward through the years to continued activity and interest in philately in our nation's capital, Washington, D. C.

John N. Hoffman

Chairman

AMERICAN AIR MAIL SOCIETY

Organized 1923 in the Interest of Aerophilately and Aerophilatelists Everywhere

PLEASE ADDRESS REPLY TO:

ROBERT E. HARING
PRESIDENT

Welcome to NAPEX and the American Air Mail Society's 50th Anniversary Celebration!

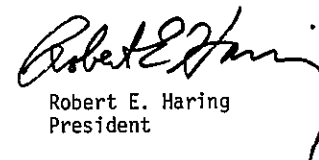

The American Air Mail Society is one of the two oldest aerophilatelic groups in the World. We publish a monthly magazine, The Airpost Journal, which is edited right here in Washington, D.C. We also publish the authoritative American Air Mail Catalogue listing various types of flown mail and have recently undertaken issuance of a supplement to the E-Z Rocket Mail Catalogue. Other special publications are issued from time to time.

Information about our Society and its publications and programs can be obtained at the AAMS Lounge.

We are pleased to meet again in the Washington area and for the first time at NAPEX, one of the country's "premier" shows. We hope that NAPEX visitors find our members' air mail exhibitions of interest.

Best wishes for bigger and better NAPEX Exhibitions.

Sincerely,

Robert E. Haring
President

UNITED POSTAL STATIONERY SOCIETY

September 1, 1973

As President of the United Postal Stationery Society I welcome you to NAPEX '73. It is a privilege to unite with the NAPEX Organization and the other fine societies participating in the presentation of this exhibition.

Of particular interest during NAPEX '73 is the official Centennial observance of the first U.S. Postal Card. The first day ceremony on Friday morning, September 14, will highlight the formal recognition with issuance of the new postal card commemorating this event. The UPSS is especially proud to offer a distinctive and appropriate cachet applied to the beautiful card produced by the United States Postal Service in honor of the occasion.

The exhibition competition at NAPEX is always memorable and we look forward to the opportunity of enhancing our philatelic knowledge.

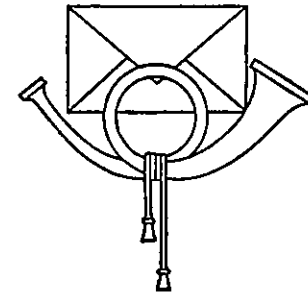

I wish to express our appreciation to the hard-working NAPEX '73 Organizing Committee for their dedicated efforts which will surely result in a most outstanding convention.

Sincerely,

Robert B. Warlick

President

POSTAL HISTORY SOCIETY, INC.

The Postal History Society, Inc., is delighted to participate in Napex '73 and to urge our members to attend and to exhibit in this, one of the leading national philatelic events.

So strongly do we favor Napex that it is the site this year of our annual convention. We have chosen this occasion to unveil an important new annual award: The Edith M. Faulstich Memorial Award, voted by the Board of Directors of our Society to perpetuate her memory, and in recognition of her untiring efforts for fifteen years on behalf of postal history in general and of the Postal History Society, Inc., in particular.

This award is in addition to the gold, silver and bronze medals provided by the Society for postal history exhibits in the show. It represents the Grand Award for Postal history.

At our Society's general meeting at 3 P.M. Saturday, September 15, a gold medal will be presented to Susan McDonald for the best article to appear last year in The Postal History Journal. Non-members as well as members are welcome to attend this ceremony and to enjoy her address.

**AN ALLSYTE ALBUM
FOR ALL YOUR COVER
COLLECTING NEEDS**

If collector acceptance means anything, Allsyte Cover Albums must be doing something right, for these handsome albums are more popular than ever. And no wonder, since there's an Allsyte for just about any size cover, and each album has crystal-clear plastic pockets that protect your covers while leaving them completely visible. What's more, the sturdy binder opens completely flat and closes without bulging even when filled to capacity. And when you're not using your Allsyte, simply store it on a bookshelf. Why not treat your covers — and yourself — to the best cover album a philatelist can buy? Just ask for an Allsyte.

Allsyte STANDARD: The original member of the Allsyte family, this handsome album will hold up to 100 of your standard-size U. S. covers. The black leatherette binder of this all-time best seller has gold titling on the front cover and spine. For added protection, a black dustcase is available for just \$2.25.

Allsyte JUMBO: The homeless orphans of your cover collection, those extra-long commercial-size (#10) covers have a made-to-order home with this special Allsyte. Just slip up to 50 of your jumbo covers into the clear plastic pockets, and they're fully protected . . . years of appreciation in this special album.

Allsyte CONTINENTAL: For those European envelopes that don't fit in other albums, try this space-saver Allsyte by White Ace, which holds up to 50 of your continental covers. Durable binding, heavy-gauge plastic pockets, and sturdy frame construction . . . these qualities are present in this and other Allsytes.

Allsyte ISRAEL: White Ace pioneered in albums for Israeli stamps, so we're proud to offer this special Allsyte for Israeli first day, special event, and first flight covers. As many as 100 of them will fit in the album, which has a traditional gold menorah motif on the front cover and spine. It's a beauty.

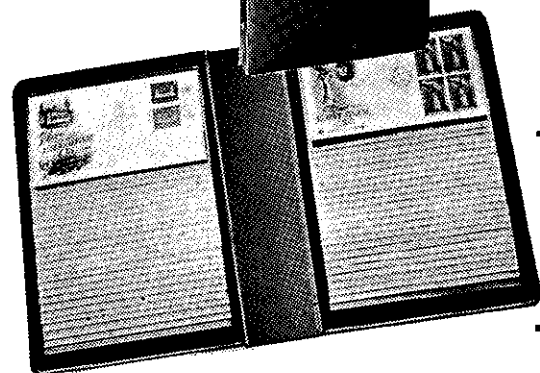

Allsyte CANADA: For your Canadian covers, we have created this "Canada Red" Allsyte . . . complete with our northern neighbor's Maple Leaf flag. You can place up to 100 covers in the album, and we offer a matching red dustcase at \$2.25.

Allsyte UNITED NATIONS: "UN Blue" plus special gold stamping on the cover and spine make this Allsyte a real standout. Put 100 of your United Nations first days in it, and they'll stay as fresh as when you bought them. Put the album in the matching dustcase, and it won't grow old either. Try us!

The STANDARD	\$8.95
The JUMBO	7.95
The CONTINENTAL	7.75
The ISRAEL	9.95
The CANADA	8.95
The UNITED NATIONS ..	8.95

REVOLUTIONARY CONCEPTS IN ALBUMS

"... offers a new dimension in collecting, and the best example of 'painless history' yet published."
—Ed Susman, Hartford TIMES

"One of the finest albums we've seen... the heroic struggle for our nation's independence comes to life in the pages..."
—Hal Shapiro, Long Island Sunday PRESS

"... provides spaces for over 120 stamps chronologically portraying the struggle for independence and the beginning of a new nation".
—Franklin Bruns, Jr., The Philadelphia INQUIRER

"Organized with space for over 120 stamps to tell the entire story from Lexington and Concord to the 1789 inauguration of our first president."
—H. Rowland, Dallas MORNING NEWS

"Set up by subject rather than by year, each stamp or series is accompanied by a well-written essay giving the background of the portrait of the event honored on the stamp."
—Sydney Kronish, AP Newsfeatures

DEPARTMENT OF THE TREASURY
BUREAU OF ENGRAVING AND PRINTING
WASHINGTON, D.C.

Devoted to the airmail theme, this souvenir card depicts reproductions of the engraved vignette and frame used in printing the first airmail stamp issued by the United States Government. The central design of the stamp, produced in the 24¢ denomination, pictured the type of army airplane which carried mail on this Nation's first airmail route established in May 1918. The stamp became widely known as the consequence of the discovery of one sheet on which the airplane had been printed in the inverted position.

Flanking the block on the right is a conception of the airplane created by the designer of the card. Emblazoned on its side are background tints of replicas of the three stamps issued in 1923 in connection with the inauguration of night flying service across the country. Night flights were adopted in order to make airmail service more efficient and to prove that it definitely was a time saving process.

FROM FAMOUS
WHITE ACE
an album for...

PLATE NUMBER STRIPS

If you're a frustrated plate block collector wondering how to display those multi-stamp plate strips, such as the Postal People issue and the George Gershwin or Robinson Jeffers commemorative, WHITE ACE has a problem-solver album for you. It's an ALLSTYLE Plate Block Album that WHITE ACE professionals have created expressly for these multi-stamp plates... today's album for today's U.S. plate strip varieties.

This deluxe, book-style ALLSTYLE has fifty protective acetate sleeves that hold as many as 100 plate strips. Mount one plate in a sleeve and you'll see—as in the case of the Postal People series—not only the face of the plate, but the information printed on the gum side of the stamps as well; or display two plate strips in a sleeve, using the special black card divider (provided for each sleeve) to separate them. And like all other members of the ALLSTYLE album family, it's a sturdy album that will provide years of collecting pleasure... and it stores compactly on a bookshelf.

From the gold titling on the cover and spine to the smallest design detail, here's another premium album from WHITE ACE. And it's a problem-solver too!
