

MATTHEW BENNETT, INC.

Serving the Philatelic World for Nearly 50 Years

Welcomes Your Questions About Consignments

You built your collection carefully — with a lot of pleasure, certainly, but with an eye to value as well. Now you've decided to realize that value, and you're considering the uncomplicated, secure option of consigning to an established company. That means Matthew Bennett, Inc. for many reasons:

MATTHEW BENNETT, INC.

Extensive experience.

Bennett's is a family firm, with the second and third generations currently active. We were founded in 1948, and we are now conducting our 194th public auction.

Our expert opinion. You will deal with principals — highly knowledgeable professionals who will treat your collection with the care it deserves and separate it into the lots that are most attractive to collectors.

Your expert opinion. No one knows as much about your collection as you do. We will discuss its disposition with you and even give you a voice in the lotting process if you wish.

Collectors as customers.

Bennett's is well known for long-term

relationships with serious collectors around the world. Your stamps will find their way into the hands of people who will value them as much as you have.

Marketing skills. We know how to market and promote your stamps to the collectors who will want them most, and we create catalogues that give every stamp its due through

full descriptions and ample, accurate full-color and black and white illustrations.

Financial strength. Because we are a large, financially stable firm, we will always pay you in a timely fashion. Generous advances are always available.

Prices that are second to none. Price is the bottom line — and only a company with our considerable skill and experience can realize very high prices on a consistent basis. We will be glad to send you our most recent auction results, so you can see for yourself. When you call for our auction literature, please do not hesitate to ask us about any other aspect of our services. (For example, we also purchase collections outright if you are considering that option.) We will also be glad to arrange in-home evaluations for the owners of substantial holdings.

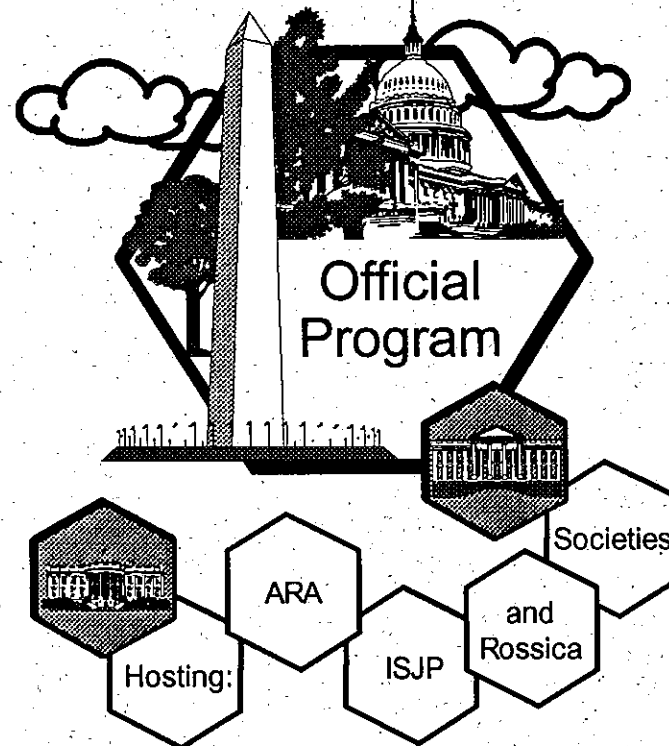

Consignments are now being accepted for the 199th Public Auction to be held at the BALPEX Show on Labor Day Weekend (800) 638.4223

Welcome to Napex 96

The National Philatelic Exhibitions of Washington, D.C., Incorporated, or just NAPEX, welcomes you to our annual stamp show. We are a non-profit-educational-voluntary organization dedicated to promoting philately in the National Capital Region.

This is our second year at the McLean Hilton Hotel at Tysons Corner, Virginia, and we are booked to stay here through 2005! Our usual show date is the first weekend after observed Memorial Day. However, next year NAPEX will be later, as not to conflict with PACIFIC 97.

This program outlines all the activities packed into this year's show. We trust that you will find the program both a useful reference and a keepsake of the show.

We want to welcome the societies holding annual conventions with us this year, The American Revenue Association, The International Society for Japanese Philately, and the Rossica Society of Russian Philately.

Table of Contents

Item	Page
Table of Contents	3
Schedule of Events	4-7
Show & Judging Assignments	8

ARA The American Revenue Association (APS Affiliate 51), founded in 1947, serves the needs and interests of all collectors of fiscal philately. Today's membership of about 1,400 members is the largest, oldest, and fastest-growing national or international society fulfilling this goal. The ARA publishes *The American Revenuer*, its award winning journal ten times per year. On occasion, the ARA publishes book-length studies, recently W.V. Comb's *Third Federal Issue, 1814-1817*. Other features of ARA membership are sales books and circuits plus quarterly auctions. The ARA lending library offers books, pamphlets, catalogues, and periodicals of all eras. Since 1977, the ARA holds annual conventions at an APS Champion of Champions show site. The interests of the Society cover revenues, tax stamps, stamped paper, telegraph and railroad stamps, and general non-postal Back-of-the-Book material--U.S. and foreign, federal, state, provincial, local, municipal and private. The Society invites you to stop by the ARA **Table D** and learn more about revenue collecting and membership (or write The Secretary, 701 South First Avenue #332, Arcadia, CA 91006 for an application). We also invite you to view at NAPEX 96 the fine examples of revenue collections on exhibit.

ISJP The International Society for Japanese Philately (APS Affiliate 58) was founded in Canada in 1945. The society's goal is to promote an intelligent interest in the philately and postal history of Japan and former Japanese colonies, territories and occupied areas, including Manchoukuo, the Ryukyu Islands and foreign post offices in Japan. The society's chief endeavor is publishing, specifically, 1 the magazine *JAPANESE PHILATELY* focusing on information that is likely to be of lasting value, in both short and long articles; 2 annual and cumulative indexes to the magazine, containing detailed and systematic listings that permit a reader to locate quickly whatever has appeared on any subject; and 3 ISJP Monographs, each consisting of a single study too long for inclusion in JP. The Society also offers an expertization service, a photocopy service for articles in society publications no longer in stock, a lending library, and a sales circuit. Membership dues are \$10 for 1996 plus a one-time \$1 admission fee. Visit NAPEX 96 **Table B** or write Secretary Kenneth Kamholz, Box 1283, Haddonfield NJ 08022.
